The Earthquakes and Galaxy of People above Angels

Quran; the final version and ever protected version of all divine books has a Surah (Chapter) entitled "Az-Zalzalah" Earthquake". This says "When the earth is shaken with it's final earthquake. And when the earth throws out its burdens, And when man will say: "What is the matter with it?". That day it will declare its information (about all what happened over it of good or evil). Because your Lord has inspired it. That day mankind will proceed in scattered groups that they may be shown their deeds!. So whatsoever does good equal to weight of an atom (or a small ant) , shall see it. And whatsoever does evil equal to the weight of an atom (or a small ant), shall see it. (Surah 99).

8th October 2005 was the day when people in Pakistan saw the earthquake and its devastating effects. We saw people going down and we saw people rising up, rising above the angels.

It is obvious to every thinking mind that the God All Mighty has not left the world on autopilot. When people's deeds become rotten they get it. When there are illicit relations, we get the gift of AIDS, when we indulge in interest based transactions we see extreme poverty and loss of contents, when we start staring opposite sex people with lust and do not respect the bounds of marriage and family we get the gift of broken families and high divorce rates..... It is open to see by anyone who has heart.

The agents of Satan are bent to break the family ties and steal the peace of mind through vulgar songs & dances, pornographic material and spreading

shirk i.e. taking partners with Allah. Man is made equal to God!!!!!! This is the greatest sin one can commit. A sin which is unforgivable and surely earns hell forever nullifying all good acts. Songs and even some Na'ts and poetry have Shirk (Taking people equal to the God) in them. In this regard we are following earlier nations who went astray and some earned the wrath of Allah.

It will be surely a stupid thing to say that earthquake was a blessing. It was a punishment for our many deeds. It can be a blessing only if we amend our behavior so that we do not get severer penalty in the Hereafter where we will see every good deed of weight of an atom and we shall see every bad deed of weight of an atom and when a person will like to distant him/herself from bad deeds like the distance of skies and the earth.

The spiritual and mental status does have direct effect on physical health and community health. Immoral behaviors lead to AIDS and alcoholism and people fell prey to IMF and World Bank AIDS which are no less sever threat to mankind.

The people of Pakistan and Pakistanis living abroad responded like no one. They helped like no one in the modern times. We saw these above angel people who donated entire chemist shops, entire bakeries; soon there were trucks full of goods like a chain of ants and millions of volunteers doing good acts. May Allah accept all these and turn this nation into a torch bearer and make this nation a leader of the world. Aameen.
